

About Us

PERFECT Packing Industries has established in the year of 1984. We are the largest producer of Asbestos & Non Asbestos Mechanical packing and sealing products. We were faced with many challenges in the initial stages of operation but we have been able to deter all those challenges under the able guidance of Mr. Vallabhbai M Mistry (Founder of PERFECT Packing Industries).

Our wide range of Mechanical packing has been widely appreciated by our clients belonging to various industries such as Chemical Processing, Food and Beverage, Hydrocarbon Processing etc. We manufacture these packing by using high quality raw material which ensures their high quality and durability.

Client Satisfaction

We put in our sincere efforts to ensure complete satisfaction of our clients. We are working with renowned organizations in India and abroad. We are always on our toes to provide our clients with high performance Mechanical packing along with efficient services. Being a client oriented organization, we provide our clients with the following facilities:

- Customization
- Packaging facility as per their requirements
- Payment modes of bank, Cash, Letter of credit, Demand Draft.

we have an efficient network of marketing and service associates spread over in major Indian cities and industrial centers to provide our clients with quality products and efficient services.

Research and Development

Our research and development structure works as a driving force to our organization. We have hired a team of highly qualified research specialists who work in close quarters to bring up with new ideas for enhancing the quality standards of our Packing. We conduct two types of research:
